"Enforcement Freeze" Protocol

Regavim's recent High Court of Justice appeal exposed an illegal (!) Ministry of Defense protocol that has protected thousands of illegal structures built by Arabs and the PA, and enabled them to establish a firm foothold in Area C. [This short video explains >>>](#)

The government capitulated to the Raam Party's demands, and is in the process of amending the Electricity Law, allowing connection of tens of thousands of illegal structures and essentially rewarding illegal construction. Public Activism

The situation in the Negev, caused by years of non-governance, has brought the Negev to the boiling point. Naomi Kahn, Director of Regavim's International Division, met

with members of the AFSI Mission to Israel, and joined them out in the field in Gush Etzion to discuss illegal Palestinian construction and agricultural annexation, strategic challenges to Israel's sovereignty, and closer cooperation between Regavim and AFSI to restore Zionism to Israeli and American public policy.

Sharing our insight – out in the field: This past month we hosted MK Moshe Abutbul, MK Yuli – Yoel Edelstein, Israeli and foreign journalists, and key KKL (JNF) staffers on field tours, to help them understand what's happening – by taking them where it happens.
