In these challenging times,  
as we continue to fight the dark,  
powerful forces that threaten the State of Israel,  
that seek to extinguish the Zionist vision  
and to undermine our sovereignty and governance  
in the Negev, the Galilee, Judea and Samaria –  
we stand our ground – thanks to your support!

*Best wishes for a holiday season filled with light.  
Happy Chanukah!*

## "Bedouistan"

Decades of neglect and crumbling governance in the Negev have resulted in a state of utter chaos throughout southern Israel – so we've launched a crowdsourcing campaign for "Bedouistan," a first-of-its-kind volume that lays out everything you need to know (and more!) to understand how the Negev got into this mess and what the government must do to get us out. ## Active Agenda Items

Last year, we petitioned to repeal the racist law that prohibits Jews from buying property in Judea and Samaria (Jordanian Law #40 still enforced by Israel's High Court of Justice). Recently, Defense Minister Benny Gantz notified the High Court that he does not intend to set aside this law – despite the recommendations of the experts within his own ministry and the opinions of previous Ministers of Defense. We're anticipating a very challenging High Court hearing of this case. View a full-length webinar (English) or televised coverage of the case (above – Hebrew), or read more [here](#)>>>

Success! Our petition against the takeover of Israeli state land near Duma led to decisive enforcement action based on the "Order for Removal of New Structures," a relatively new legislative tool that we hope will turn the tide on illegal construction. [Read more](#)>>>

We hosted a journalist on an unusual field tour of the drug kingdom of Bedouistan, otherwise known as the IDF training grounds at Tze'elim Infantry Base in the Negev, where we narrowly escaped an unpleasant meeting with Bedouin mafia 'soldiers.' [Watch](#) >>>

In a hearing on our petition regarding the secret tunnel connecting the Church of the Dormition to the Beit Josef dormitory on Mount Zion, the court chastised the Jerusalem Municipality for its failure to provide necessary information. ## **WATCH: Explosion of violence in mixed Israeli cities ‘not surprising in the least,’ says law and order activist**

Although the rioters who tore up southern Israel during Operation Guardian of the Walls were eventually arrested and arraigned, the State Prosecutor has requested light sentencing – and the court has been letting them off with absurdly light punishments. Meir Deutsch wrote a strong, well-received opinion piece in the Hebrew daily Israel Hayom decrying the ‘own goal’ scored by our law enforcement system. We continue the battle for judicial reform - but [here's a reminder of the events of this past May>>>](#)

At the UN COP26 Climate Change Conference in Glasgow, PA Prime Minister Mohammad Shtayyeh accused Israel of “polluting the environment of Palestine.” The truth is precisely the opposite. [Here's Regavim's response>>>](#)

## IDF Finally Changes Rules of Engagement: Soldiers May Shoot at Thieves Stealing Weapons

By David Israel - 11 Kislev 5782 – November 15, 2021  0

For years, IDF bases in Israel's 'wild south' have suffered from large-scale theft. At last, the IDF announced it would be revamping the rules of engagement, to allow IDF soldiers to better protect themselves – and all of us. [Read more>>>](#)

### Special report: Bedouin take over in the Negev

Israel National News – Arutz Sheva traveled to Southern Israel with Regavim to witness what many call 'loss of governance in the Negev.'

Yoni Kempinski, 11/30/2021, ל"ו בכסלו תשפ"ב

Arutz 7 joined us to learn about the unique challenges of the Negev, and took a first hand look – and a bird's eye view – of the issues Regavim has been addressing for years. [Watch the full report here >>>](#)

**Policy and Parliamentary Affairs**

The Knesset Land of Israel Caucus joined us for an urgent field tour of the Har Hevron region. To combat the radical left's increasing incitement against Jewish communities in Judea and Samaria, Regavim continues to defend Israeli sovereignty – on the ground, and in the Knesset. [Read more >>](#)
