## Active Agenda Items

The size of the illegal Beit Fajjar quarry is astonishing. Hundreds of dunams of nature are being carved up, pillaged and destroyed by heavy machinery every day. We first petitioned the Court about this environmental disaster over a decade ago, and this week we filed our third petition. [Read more about the massive illegal quarry here >](#)

**Success!** An illegal Arab outpost adjacent to Route 5 in the Shomron (Samaria) was evacuated – thanks to a campaign led by Regavim and public pressure exerted by the Shomron Regional Council and local residents. The outpost, which began to take shape in late 2021, is located in Area C, on the outskirts of the village of Bruqin. [Read more here >](#)

**Regavim in mainstream Israeli media 1:** Instead of collecting taxes from its own residents, the Al Kasum Regional Council in the Negev prefers to rely on the rest of the Israeli taxpaying public. Eight years have passed since our High Court petition demanding that the Al Kasum Regional Council be compelled to collect municipal taxes, but the Council still doesn't collect arnona, and refuses to disclose tax collection data .

**An important step in Israel's war on terror:** IDF forces raided the offices of six organizations in Ramallah that were designated by the Israeli government as terror groups, including UAWC (Union of Agricultural Work Committee) – the group responsible for the murder of Rina Shnerb hy"d. Regavim first exposed the links between the UAWC, the PFLP terror network, and the illegal takeover of Area C several years ago, and has been demanding action ever since. [Read more here >>](#)

Over the years, the Police and the IDF have arrested criminals who infiltrated IDF training zones and bases in "Bedouistan." Israeli courts have invariably released them, citing socio-economic and other "humane" considerations - but this time was different: Three Bedouin youths attempted to infiltrate the Tze'elim Base and were caught in the act. The Court extended their remand, and refused to accept their claim that the attempted break-in was "unintentional". Click [here](#) for press coverage.

## Gantz is all talk and no action - opinion

By NAOMI LINDER KAHN Published: AUGUST 17, 2022 22:03

**Gantz's indefensible equivalence:** Instead of advancing Israel's security interests, Defense Minister Benny Gantz has been busy making ridiculous pronouncements in the Knesset that reflect his defense "policy" - pathetic, infuriating, and dangerous. Read more in this Jerusalem Post op-ed by Naomi Kahn, Director of Regavim's International Division.

**Regavim in mainstream Israeli media 2:** For many years Regavim has been **monitoring** the scourge of illegal petrol stations in the Negev. The situation has spiraled out of control, as dozens of new stations every year endanger lives and damage the environment. [Watch the report on Channel 13 News \(Hebrew\) >](#)

**Funded by an anti-Israel sheikh: Tower and Stockade in 2022.** A few months ago, our Southern Region field coordinator discovered at least six new, identical, illegally-built mosques in the Negev. The mosques disguise land theft under a cloak of religious protection in an effort to build a land-bridge between the South Hebron Hills region and the illegal Bedouin squatters' camps of "Bedouistan," the state-within-a-state in the Negev. [Read more on our website >](#)

**Summer vacation in the Palestinian Authority:** In recent months, we've documented the illegal construction of a water park and dozens of other recreational complexes in Area C, the section of Judea and Samaria under full Israeli jurisdiction. The Palestinians are enjoying themselves at our expense, and this new tactic is one more weapon in the PA's battle for control of Area C. [Read the article in Israel Hayom \(English\) >>](#)

With the outbreak of the “Guardian of the Walls” riots in May 2021, we recognized that this was an event of national magnitude, and alerted the Israel Police. Once we understood that our brothers and sisters weren't being sufficiently protected, we set up a ‘situation room’, together with the My Israel Movement, where volunteers worked around the clock to provide support for the Jewish residents of Lod. The [State Comptroller's Report](#), publicized last month, was the official confirmation of what we knew all along: the Israel Police failed miserably to provide security and safety for the residents.

## Lectures & Field Tours

This month we held educational trips for the Tavor pre-military academy, Israel Hayom correspondent Ilya Yegorov, and Im Tirzut activists.

Are you part of a group that would like to join us for a field tour to learn more about land-policy and our vision for the Negev, strategies for resolving the challenges of Bedouin settlement, polygamy, governance and more? [Get in touch!](#)
