

Election Day is nearly here – and every vote counts! Regavim launched an emergency campaign to raise awareness, and to encourage voters to make their voices heard by casting a vote **AGAINST** the Palestinian takeover of Judea and Samaria.

Regavim conducts a full survey of land resources in Judea and Samaria biannually, and this year was no exception – except for our findings, which were VERY exceptional: Over the past year, since the establishment of the “government of change” and the appointment of Benny Gantz as Minister of Defense, **illegal Arab construction in Judea and Samaria exploded – an 80% increase over the previous year.**

We released our up-to-date findings on the battle for Area C: “The War of Attrition – 2022,” with hard data on the progress of the Palestinian Authority’s annexation of Judea and Samaria.

We produced an explanatory video, laying out the issues and presenting our latest data and analysis, alongside recommendations to combat the PA's annexation of the heartland of Israel.

La construction illégale palestinienne en territoires C a augmenté de manière exponentielle cette année

Legal construction in Area C has skyrocketed by 80%

Over the past year, 5,535 new illegal structures have been built in Area C, according to a report by the Israeli Defense Forces.

We launched an emergency campaign in order to insure that every Israeli voter knows the facts and understands what’s at stake. Meir Deutsch’s introductory op-ed framed the issue, and appeared in [Hebrew](#), [English](#), [German](#) and [Spanish](#) media outlets.

We staged an official launch event for the report – from an illegal structure flying Palestinian and European Union flags that we erected near the home of Minister of Defense Benny Gantz – to highlight the practical results of his policy and the devastating effect his tenure has had on Judea, Samaria and the entire State of Israel.

Our **door-to-door project** reached thousands of residents of Jewish communities in Judea and Samaria, and presented pinpointed data and maps highlighting the scope and significance of illegal Arab construction surrounding their specific community. Each resident received a location-specific report and a video clip of the situation just beyond their community’s fence.

We produced and circulated an [explanatory video \(in Hebrew\)](#) addressing undecided voters, in which we explain the core issues at stake in the upcoming elections.

Our massive public information effort also focused on decision makers and public opinion influencers from a wide spectrum of political parties. We hosted Members of Knesset and candidates, public opinion influencers, activists and land policy professionals on informative to field tours to present our findings – up close and personal.

Dear Friends,

Our research and activism are made possible by your continued support and encouragement, but the stakes are higher than ever, and so is our resolve to continue to protect the Land of Israel.

Without our joint efforts, the dangers facing the State of Israel will continue to grow – quietly, in the shadows, far from the headlines. We urge you to take an active role in securing the future of the State of Israel: This election day, take your friends, family, neighbors and colleagues with you – and get out and vote for any party that will fight the Palestinian takeover of Israel’ ‘s heartland.

It’s in our hands.
